Ian Fleming's beloved original text — newly illustrated by Joe Berger! “Crackpot” is what everybody calls the Pott family. So when they go to buy a new car and come back with a wreck, nobody is surprised. Except for the Potts themselves. First, the car has a name. And she tells them what it is. Then they find out that she can fly. And swim. . . . Chitty Chitty Bang Bang is a car on a mission to stop a criminal gang in its tracks — and she is taking the Potts with her! Jump into the world's most loved magical car for her first adventure.

"This pioneering study of United States direct investment in Japan will interest academic specialists, business managers, and government policymakers in America, Japan, and elsewhere. Drawing on rich historical materials from both sides of the Pacific, including corporate records and government documents never before made public, Mason examines the development of both Japanese policy towards foreign investment and the strategic responses of American corporations. This history is related in part through original case studies of Coca-Cola, Dow Chemical, Ford, General Motors, International Business Machines, Motorola, Otis Elevator, Texas Instruments, Western Electric, and Victor Talking Machine. The book seeks to explain why s little foreign direct investment has entered modern Japan. In contrast to the widely held view that emphasizes an alleged lack of effort on the part of foreign corporations, this study finds that Japanese restrictions merit greater attention. Many analysts of the modern Japanese political economy identify the Japanese government as the key actor in initiating such restrictions. Mason finds that the influence of Japanese business has often proved more potent than these analysts suggest. This book offers fresh insights into both the operation of the modern Japanese political economy and of its relations with the world economy."

Looks at concept and production automobiles launched worldwide each year.

Whether you're thinking about buying a 4-wheel drive vehicle or are already an experienced 4WDer, there is something in this complete guide for you. Learn how to drive on snow, ice, rocks, mud and hills, plus how to choose and use off-road tires, winches and other specialty gear. Every 4WD owner should own this handy book.

A superb color history on Chevrolet's pickup trucks from 1918-1984. This in-depth history traces the trends in truck styling and focuses on the popular 1950s and 60s period.

This first book of its kind tells the behind-the-scenes story of the incredibly illegal Cannonball rally. This best seller is now available in paperback!In the early 1970s, Brock Yates, senior editor of Car and Driver Magazine, created the now infamous Cannonball Sea-to-Shining-Sea Memorial Trophy Dash; a flat out, no-holds-barred race from New York City to Redondo Beach, California. Setting out to prove that well trained drivers could safely navigate the American highways at speeds in excess of the posted limits, Mr. Yates created a spectacle reminiscent of the glory days of the barnstorming pilots. Filled with fascinating unpublished stories, nostalgic and modern-day photographs, inside information and hilarious stories from this outrageous and incredibly immoral rally. Brock is one of the best-known, most respected automotive journalists in the world today.

This series of comprehensive manuals gives the home mechanic an in-depth look at specific areas of auto repair.

President Donald J. Trump lays out his professional and personal worldview in this classic work—a firsthand account of the rise of America's foremost deal-maker. "I like thinking big. I always have. To me it's very simple: If you're going to be thinking anyway, you might as well think big."—Donald J. Trump Here is Trump in action—how he runs his organization and how he runs his life—as he meets the people he needs to meet, chats with family and friends, clashes with enemies, and challenges conventional thinking. But even a maverick plays by rules, and Trump has formulated time-tested guidelines for success. He isolates the common elements in his greatest accomplishments; he shatters myths; he names names, spells out the zeros, and fully reveals the deal-maker's art. And throughout, Trump talks—really talks—about how he does it. Trump: The Art of the Deal is an unguarded look at the mind of a brilliant entrepreneur—the ultimate read for anyone interested in the man behind the spotlight. Praise for Trump: The Art of the Deal "Trump makes one believe for a moment in the American dream again."—The New York Times "Donald Trump is a deal maker. He is a deal maker the way lions are carnivores and water is wet."—Chicago Tribune "Fascinating . . . wholly absorbing . . . conveys Trump's larger-than-life demeanor so vibrantly that the reader's attention is instantly and fully claimed."—Boston Herald "A chatty, generous, chutzpa-filled autobiography."—New York Post
