The model number of a BLACK+DECKER product identifies which specific tool it is. The type number identifies the multiple versions of a specific model number. A type 1 version can have different parts to a type 2 version of a particular model number. The type number is as important to know as the model number in order to ensure you receive the correct service part(s). Some models can have ...

Gripmate 79-011 manual - Original version. This includes instructions about the 3/4" and 20mm adaptor bushings, including what I believe is the only time Black & Decker ever mentioned the Type numbers of the 79-001 and told owners how to determine their Type number! It also recommends mounting the Gripmate in the double-layer part of the jaw.
