Calculus and its Applications: Bittinger, Marvin L...

Calculus and Its Applications has, for years, been a best-selling text for one simple reason: it anticipates, then meets the needs of today's applied calculus student. Knowing that calculus is a course in which students typically struggle--both with algebra skills and visualizing new calculus concepts--Bittinger and Ellenbogen speak to students in a way they understand, taking great pains to provide clear and careful explanations.

Calculus and Its Applications (9th Edition): Bittinger ...

We like Marv Bittinger's books because they provide a nice balance of applications and connections without losing sight of the math. We continue to use this out-of-date book because it is more readable than most Calculus texts and strikes a nice balance between the rigor of the math and applications that help students to feel a connection to ...
