Lease Corp leases equipment to Samuel Company in a sales-type lease. The present value of the lease payments is \$250,000. The lease includes an unguaranteed residual value with a present value of \$50,000. The rate implicit in the contract is 6% and the lease term is five years.

Chapter 15: Leases Flashcards | Quizlet

Chapter 15 focuses on accounting for leases from the perspective of both the lessor and the lessee. As discussed in Chapter 15, a lease can be classified as either an operating lease or a capital lease. An operating lease is basic rental of property between two parties. A capital lease, on the other hand is one where the substance is a transfer of property from the lessor to the lessee with the lessor receiving a long-term receivable for the lease payments, and the lessee receiving a leased ...
