What You Can Learn From Small Block Chevy Casting Numbers. All engines are stamped with an ID serial number showing plant code, production date, and suffix code. The suffix tells you application, original model, Engine RPO, and HP and transmission that were originally mated to the engine. On a Small Block Chevrolet, this stamping code is located on a flat pad in front of the passenger side cylinder head, usually hidden by the alternator.

~~Small Block Chevy Engine Codes – Speedway Motors~~

I can see the partial VIN (13N132794) and the engine code (V0112CLJ). Quickly from the partial vin I know this is a Chevy (1) 1973 model year (3) built in Norwood Ohio (N). 132794 is the unique vehicle serial number (to match against vehicle VIN). I know Norwood built Camaros - among other things.
