Home Health Assessment Criteria: 75 Checklists for Skilled Nursing Documentation Barbara Acello, MS, RN and Lynn Riddle Brown, RN, BSN, CRNI, COS-C Initial assessments can be tricky--without proper documentation, home health providers could lose earned income or experience payment delays, and publicly reported quality outcomes affected by poor assessment documentation could negatively impact an agency's reputation. Ensure that no condition or symptom is overlooked and documentation is as accurate as possible with Home Health Assessment Criteria: 75 Checklists for Skilled Nursing Documentation. This indispensable resource provides the ultimate blueprint for accurately assessing patients' symptoms and conditions to ensure regulatory compliance and proper payment. It will help agencies deliver more accurate assessments and thorough documentation, create better care plans and improve patient outcomes, prepare for surveys, and ensure accurate OASIS reporting. All of the book's 75-plus checklists are also available electronically with purchase, facilitating agency-wide use and letting home health clinicians and field staff easily access content no matter where they are. This book will help homecare professionals: Easily refer to checklists, organized by condition, to properly assess a new patient Download and integrate checklists for use in any agency's system Obtain helpful guidance on assessment documentation as it relates to regulatory compliance Appropriately collect data for coding and establish assessment skill proficiency

TABLE OF CONTENTS

Section 1: Assessment Documentation Guidelines

1.1. Medicare Conditions of Participation

1.2. Determination of Coverage Guidelines

1.3. Summary of Assessment Documentation Requirements

1.4. Assessment Documentation for Admission to Agency

1.5. Case Management and Assessment Documentation

1.6. Assessment Documentation for Discharge Due to Safety or Noncompliance

1.7. Start of Care Documentation Guidelines

1.8. Routine Visit Documentation Guidelines

1.9. Significant Change in Condition Documentation Guidelines

1.10. Transfer Documentation Guidelines

1.11. Resumption of Care Documentation Guidelines

1.12. Recertification Documentation Guidelines

1.13. Discharge Documentation Guidelines

Section 2: General Assessment Documentation

2.1. Vital Sign Assessment Documentation

2.2. Pain Assessment Documentation

2.3. Pain Etiology Assessment Documentation

2.4. Change in Condition Assessment Documentation

2.5. Sepsis Assessment Documentation

2.6. Palliative Care Assessment Documentation

2.7. Death of a Patient Assessment Documentation

2.8. Cancer Patient Assessment Documentation

Section 3: Neurological Assessment Documentation

3.1. Neurological Assessment Documentation

3.2. Alzheimer's Disease/Dementia Assessment Documentation

3.3. Cerebrovascular Accident (CVA) Assessment Documentation

3.4. Paralysis Assessment Documentation

3.5. Seizure Assessment Documentation

3.6. Transient Ischemic Attack (TIA) Assessment Documentation

Section 4: Respiratory Assessment Documentation

4.1. Respiratory Assessment Documentation

4.2. Chronic Obstructive Pulmonary Disease (COPD) Assessment Documentation

4.3. Pneumonia/Respiratory Infection Assessment Documentation

Section 5: Cardiovascular Assessment Documentation

5.1. Cardiovascular Assessment Documentation

5.2. Angina Pectoris Assessment Documentation

5.3. Congestive Heart Failure (CHF) Assessment Documentation

5.4. Coronary Artery Bypass Graft Surgery (CABG) Assessment Documentation

5.5. Coronary Artery Disease (CAD) Assessment Documentation

5.6. Hypertension Assessment Documentation

5.7. Myocardial Infarction Assessment Documentation

5.8. Orthostatic Hypotension Assessment Documentation

5.9. Pacemaker and Defibrillator Assessment Documentation

Section 6: Gastrointestinal Assessment Documentation

6.1. Gastrointestinal Assessment Documentation

6.2. Cirrhosis Assessment Documentation

6.3. Crohn's Disease Assessment Documentation

6.4. Hepatitis Assessment Documentation

6.5. Peritonitis, Suspected Assessment Documentation

6.6. Pseudomembranous Colitis Assessment Documentation

6.7. Ulcerative Colitis Assessment Documentation

Section 7: Genitourinary Assessment Documentation

7.1. Genitourinary Assessment Documentation

7.2. Acute Renal Failure Assessment Documentation

7.3. Chronic Renal Failure Assessment Documentation

7.4. Urinary Tract Infection (UTI) Assessment Documentation

Section 8: Integumentary Assessment Documentation

8.1. Integumentary Assessment Documentation

8.2. Skin Tear Assessment Documentation

8.3. Herpes Zoster Assessment Documentation

8.4. Leg Ulcer Assessment Documentation

8.5. Necrotizing Fasciitis (Streptococcus A) Assessment Documentation

8.6. Pressure Ulcer Assessment Documentation

Section 9: Musculoskeletal Assessment Documentation

9.1. Musculoskeletal Assessment Documentation

9.2. Arthritis Assessment Documentation

9.3. Compartment Syndrome Assessment Documentation

9.4. Fall Assessment Documentation

9.5. Fracture Assessment Documentation

Section 10: Endocrine Assessment Documentation

10.1. Endocrine Assessment Documentation

10.2. Diabetes Assessment Documentation

Section 11: Eyes, Ears, Nose, Throat Assessment Documentation

11.1. Eyes, Ears, Nose, Throat Assessment Documentation

11.2. Dysphagia Assessment Documentation

Section 12: Hematologic Assessment Documentation

12.1. Hematologic Assessment Documentation

12.2. Anticoagulant Drug Therapy Assessment Documentation

12.3. Deep Vein Thrombosis (DVT) Assessment Documentation

12.4. HIV Disease and AIDS Assessment Documentation

Section 13: Nutritional Assessment Documentation

13.1. Nutritional Assessment Documentation

13.2. Dehydration Assessment Documentation

13.3. Electrolyte Imbalances Assessment Documentation

13.4. Weight Loss, Cachexia, and Malnutrition Assessment Documentation

Section 14: Psychosocial Assessment Documentation

14.1. Psychosocial Assessment Documentation

14.2. Delirium Assessment Documentation

14.3. Psychotic Disorder Assessment Documentation

14.4. Restraint Assessment Documentation

Section 15: Infusion Assessment Documentation

15.1. Implanted Infusion Pump Assessment Documentation

15.2. Infusion Therapy Assessment Documentation

15.3. Vascular Access Device (VAD) Assessment Documentation

Complete and accurate documentation is one of the most important skills for a physical therapist assistant to develop and use effectively. The new Second Edition of Documentation Basics: A Guide for the Physical Therapist Assistant continues the path of teaching the student and clinician documentation from A to Z. Mia Erickson and Rebecca McKnight have updated this Second Edition to reflect changes of the American Physical Therapy Association and the ever-evolving profession. Updated inside Documentation Basics: A Guide for the Physical Therapist Assistant, Second Edition: \* The discussion on integrating disablement into documentation \* The discussion on how a PTA can show medical necessity and need for skilled care \* The discussion on using documentation to communicate with other providers \* Writing the assessment and plan to coincide with the initial documentation \* Sample notes completed on forms \* More examples and practice, including physical agents, school-based services, pediatrics, traumatic brain injury, spinal cord injury, and interventions consistent with the Guide to Physical Therapist Practice \* Medicare reimbursement in different settings \* The importance of consistent, reliable, and valid measurements \* How to improve communication and consistency between documentation by the PT & the PTA The discussion on disablement has also been updated, shifting away from the Nagi Model toward the International Classification of Functioning, Disability, and Health (ICF). In addition, the PTA Normative Model has been integrated throughout to include more information on clinical decision making. New inside Documentation Basics: A Guide for the Physical Therapist Assistant, Second Edition: \* Navigating the PT plan of care...A step-by-step model for PTAs to use as they navigate the initial PT documentation and plan of care \* How the PTA uses the PT goals from the initial examination and evaluation Positive and negative aspects of using electronic documentation and a discussion on integrating SOAP notes and the problem-oriented medical record into electronic documentation \* Sample notes and discussion of documentation in school-based settings, early intervention, skilled nursing settings, in-patient rehabilitation, and direct access \* Medicare Parts C and D \* Cash-based services and pro bono services Instructors in educational settings can visit [www.efacultyounge.com](http://www.efacultyounge.com) for additional material to be used for teaching in the classroom. Documentation Basics: A Guide for the Physical Therapist Assistant, Second Edition is the perfect guide for all physical therapist assistant students and clinicians who want to update and refine their knowledge and skills in documentation.

"The Long-Term Care Restorative Nursing Desk Reference" is a new all-inclusive desk reference that describes the clinical aspects of restorative nursing in detail and provides a much-needed guide for nurses in a long-term care facility. This book offers the help you need to create or sustain an effective restorative care program that puts your resident s needs first."

Documentation for Physical Therapist Practice: A Clinical Decision Making Approach provides the framework for successful documentation. It is synchronous with Medicare standards as well as the American Physical Therapy Association's recommendations for defensible documentation. It identifies documentation basics which can be readily applied to a broad spectrum of documentation formats including paper-based and electronic systems. This key resource skillfully explains how to document the interpretation of examination findings so that the medical record accurately reflects the evidence. In addition, the results of consultation with legal experts who specialize in physical therapy claims denials will be shared to provide current, meaningful documentation instruction.

Handbook of Home Health Standards: Quality, Documentation, and Reimbursement includes everything the home care nurse needs to provide quality care and effectively document care based on accepted professional standards. This handbook offers detailed standards and documentation guidelines including ICD-9-CM (diagnostic) codes, OASIS considerations, service skills (including the skills of the multidisciplinary health care team), factors justifying homebound status, interdisciplinary goals and outcomes, reimbursement, and resources for practice and education. The fifth edition of this "little red book" has been updated to include new information from the most recently revised Federal Register Final Rule and up-to-date coding. All information in this handbook has been thoroughly reviewed, revised, and updated. Offers easy-to-access and easy-to-read format that guides users step by step through important home care standards and documentation guidelines Provides practical tips for effective documentation of diagnoses/clinical conditions commonly treated in the home, designed to positively influence reimbursement from third party payors. Lists ICD-9-CM diagnostic codes, needed for completing CMS billing forms, in each body system section, along with a complete alphabetical list of all codes included in the book in an appendix. Incorporates hospice care and documentation standards so providers can create effective hospice documentation. Emphasizes the provision of quality care by providing guidelines based on the most current approved standards of care. Includes the most current NANDA-approved nursing diagnoses so that providers have the most accurate and up-to-date information at their fingertips. Identifies skilled services, including services appropriate for the multidisciplinary team to perform. Offers discharge planning solutions to address specific concerns so providers can easily identify the plan of discharge that most effectively meets the patient's needs. Lists the crucial parts of all standards that specific members of the multidisciplinary team (e.g., the nurse, social worker) must uphold to work effectively together to achieve optimum patient outcomes. Resources for care and practice direct providers to useful sources to improve patient care and/or enhance their professional practice. Each set of guidelines includes patient, family, and caregiver education so that health care providers can supply clients with necessary information for specific problems or concerns. Communication tips identify quantifiable data that assists in providing insurance case managers with information on which to make effective patient care decisions. Several useful sections make the handbook thorough and complete: medicare guidelines; home care definitions, roles, and abbreviations; NANDA-approved nursing diagnoses; guidelines for home medical equipment and supplies. Small size for convenient carrying in bag or pocket! Provides the most up-to-date information about the newest and predominant reimbursement mechanisms in home care: the Prospective Payment System (PPS) and Pay For Performance (P4P). Updated terminology, definitions, and language to reflect the federal agency change from Health Care Financing Administration (HCFA) to Centers for Medicare & Medicaid Services (CMS) and other industry changes. Includes the most recent NANDA diagnoses and OASIS form and documentation explanations. New interdisciplinary roles have been added, such as respiratory therapist and nutritionist./LI>

Put documentation tips in the palm of your hand with documentation pocket guides made just for therapists! Proper documentation is vital to reimbursement and patient care in the therapy setting. Improper documentation can lead to a host of problems including denials, decreased reimbursement and lawsuits. Unfortunately, therapists don't receive formal training on documentation and are often left to decipher the confusing requirements set forth by Medicare, Medicaid, and managed care companies, alone. A quick, affordable and convenient tool to address therapy documentation The Pocket Guide to Therapy Documentation offers documentation tips and advice in a convenient and handy format. You'll keep this resource close at hand to ensure complete and accurate patient records. Ensure proper documentation and save time with these benefits: Condensed information and easy-to-read bulleted lists, charts, and tabs for quick reference Fast access to reimbursement and coding information Review documentation requirements in less time for all patient encounters including: Initial examination Evaluation Prognosis Diagnosis Reexamination Discharge Tests and measures Therapy managers in Long-Term Care, home health, and hospital settings will want to purchase one for each Occupational Therapist, Speech Language Pathologist, and Physical Therapist in their facility.

Ensure confident clinical decisions and maximum reimbursement in a variety of practice settings such as acute care, outpatient, home care, and nursing homes with the only systematic approach to documentation for rehabilitation professionals! Revised and expanded, this hands-on textbook/workbook provides a unique framework for maintaining evidence of treatment progress and patient outcomes with a clear, logical progression. Extensive examples and exercises in each chapter reinforce concepts and encourage you to apply what you've learned to realistic practice scenarios. UNIQUE! Combination textbook/workbook format reinforces your understanding and tests your ability to apply concepts through practice exercises. UNIQUE! Systematic approach to documenting functional outcomes provides a practical framework for success in numerous practice settings. Case studies show you how to format goals through realistic client examples. Practice exercises provide valuable experience applying concepts to common clinical problems. Four NEW chapters address additional aspects of documentation that rehabilitation professionals will encounter in practice: Legal aspects of documentation Documentation in pediatrics Payment policy and coding Computerized documentation

BPM is essential to a company's survival in today's hyper-speed business environment. The goal of Digital Transformation is to help empower enterprises to compete at the highest level in any marketplace. This book provides compelling award-winning case studies contributed by those who have been through the full BPM experience. The case studies describe the processes involved to generate successful ROIs and competitive advantages. Digital transformation describes the changes associated with the application of digital technology in all aspects of human society. Digital transformation may be thought of as the third stage of embracing digital technologies: from digital competence to digital usage to digital transformation, with usage and transformative ability informing digital literacy. The transformation stage means that digital usages inherently enable new types of innovation and creativity in a particular domain, rather than simply enhance and support the traditional methods. These industry thought-leaders together with the leading-edge case studies will help you understand the meaning and impact of Digital Transformation and how you can leverage that transformation; likely using BPM you already have. Learn how to extend that into core processes that run the business and thus engage more meaningfully with your customers. The authors discuss the impact of emerging technologies, the mandate for greater transparency and how the ongoing aftershocks of globalization have collectively impacted predictability within the business enterprise.
