The articles cover the standard topics, including religious experience, thaistic arguments, the problem of evil, and miracles, as well as topics that have gained the attention of philosophers of religion in the last fifteen years, such as reformed as epistemology, the philosophical analysis of theological doctrine, and the kalam theological argument. The collection also includes topics often requested by instructors but seldom covered in competing texts, such as religion and science, religious pluralism, process theism, and religious ethics, offering greater flexibility in choosing exact topics for use in courses. The format of the book makes it an ideal teaching text, as each section begins with a brief introduction to the central topic or issue treated by the readings which follow.

"A TRIUMPH . . . A model of the richness and subtleties of relationships, characters, and story construction." --Chicago Sun-Times In his family life, Angus Stonefield had been gentle and loving; in business, a man of probity; and in his relationship with his twin brother, Caleb, a virtual saint. Now Angus is missing, and it appears more than possible that Caleb--a creature long since abandoned to depravity--has murdered him. Hired to find the missing man, William Monk puts himself into his shoes, searching for clues to Angus's fate and his vicious brother's whereabouts. Slowly, Monk inches toward the truth--and also, unwittingly, toward the destruction of his good name and livelihood. . . . "MASTERFUL . . . DARKLY CHILLING . . . Perry eloquently delivers to her readers the flavor of Victorian England. . . . Readers will be kept entertained and guessing--right up to the final pages." --Milwaukee Journal Sentinel "JUST WHEN YOU THINK YOU HAVE IT FIGURED OUT, THINK AGAIN! No one can capture and bring to life the drama, excitement, and feel of Victorian England like Perry." --Mostly Murder A Main Selection of the Mystery Guild

In early modern England, religious sorrow was seen as a form of spiritual dialogue between the soul and God, expressing how divine grace operates at the level of human emotion. Through close readings of both Protestant and Catholic poetry, Kuchar explains how the discourses of 'devout melancholy' helped generate some of the most engaging religious verse of the period. From Robert Southwell to John Milton, from Aemilia Lanyer to John Donne, the language of 'holy mourning' informed how poets represented the most intimate and enigmatic aspects of faith as lived experience. In turn, 'holy mourning' served as a way of registering some of the most pressing theological issues of the day. By tracing poetic representations of religious sorrow from Crashaw's devotional verse to Shakespeare's weeping kings, Kuchar expands our understanding of the interconnections between poetry, theology and emotion in post-Reformation England.
