satellite radio, and GPS navigation systems.

We all have our favourite radio stations-the ones we listen to each morning on the way to work or school, at night as we relax or get ready to go out. But when we travel too far from the signal, we wind up with static, and find ourselves scanning through countless stations to find something-anything-to listen to. With satellite radio, however, our favourite stations are available to us from one end of the country to the other, playing the music or talk shows we like 24 hours a day, 7 days a week . . . all virtually uninterrupted by commercials. The Pocket Idiot's Guide to Satellite Radioprovides an essential introduction to the world of satellite radio. Whether you're considering making the purchase and are confused by the options and equipment available or are already a user looking for
