Xun (or Hsun) is the master (inventor?) of the modern Chinese short story. Some of his stories were translated into American English in 1941, but more recent translations have been into a British English. Lyell provides an introduction, notes on pronunciation and further notes on the text, intending to win as wide an audience as possible beyond those already familiar with Chinese history and culture. A bizarre mix of broad comedy, fantasy, and social commentary, the title story offers an unforgettable depiction of a lunatic civil servant. Includes "Nevski Prospect" and "The Portrait."
Illuminates the Russian writer's thoughts on madness, bureaucracy, and illusion in these five tales, including "The Nose," "The Carriage," "The Overcoat," and "Taras Bulba."

Author, dramatist and satirist, Nikolay Gogol (1809-1852) deeply influenced later Russian literature with his powerful depictions of a society dominated by petty beaurocracy and base corruption. This volume includes both his most admired short fiction and his most famous drama. A biting and frequently hilarious political satire, The Government Inspector has been popular since its first performance and was regarded by Nabokov as the greatest Russian play every written. The stories gathered here, meanwhile, range from comic to tragic and describe the isolated lives of low-ranking clerks, lunatics and swindlers. They include Diary of a Madman, an amusing but disturbing exploration of insanity; Nevsky Prospect, a depiction of an artist besotted with a prostitute; and The Overcoat, a moving consideration of poverty that powerfully influenced Dostoevsky and later Russian literature.

This English and Chinese bilingual edition of a ^A Madman's Diary^ was first published in 1918 by Lu Xun, one of the greatest writers in 20th-century Chinese literature. This short story is one of the first and most influential modern works written in vernacular Chinese and would become a cornerstone of the New Culture Movement. The story was often referred to as "China's first modern short story". This book is selected as one of The 100 Best Books of All Time. The diary form was inspired by Nikolai Gogol's short story ^Diary of a Madman, ^ as was the idea of the madman who sees reality more clearly than those around him. The "madman" sees "cannibalism" both in his family and the village around him, and he then finds cannibalism in the Confucian classics which had long been credited with a humanistic concern for the mutual obligations of society, and thus for the superiority of Confucian civilization. The story was read as an ironic attack on traditional Chinese culture and a call for a New Culture.

From Geto Boys legend and renowned storyteller Scarface, comes a passionate memoir about how hip-hop changed the life of a kid from the south side of Houston, and how he rose to the top-and ushered in a new generation of rap dominance. Scarface is the celebrated rapper whose hits include "On My Block," "Mind Playing Tricks on Me" and "Damn It Feels Good to be a Gangsta" (made famous in the cult film Office Space). The former president of Def Jam South, he's collaborated with everyone from Kanye West, Ice Cube and Nas, and had many solo hits such as "Guess Who's Back" feat. Jay-Z and "Smile" feat. Tupac. But before that, he was a kid from Houston in love with rock-and-roll, listening to AC/DC and KISS. In Diary of a Madman, Scarface shares how his world changed when he heard Run DMC for the first time; how he dropped out of school in the ninth grade and started selling crack; and how he began rapping as the new form of music made its way out of New York and across the country. It is the account of his rise to the heights of the rap world, as well as his battles with his own demons and depression. Passionately exploring and explaining the roots and influences of rap culture, Diary of a Madman is the story of hip-hop-the music, the business, the streets, and life on the south side Houston, Texas.

The Diary of a Madman is a short story by Guy de Maupassant. Henri Rene Albert Guy de Maupassant (5 August 1850 - 6 July 1893) was a popular 19th-century French writer, considered one of the fathers of the modern short story and one of the form's finest exponents. A protege of Flaubert, Maupassant's stories are characterized by their economy of style and efficient, effortless denouements. Many of the stories are set during the Franco-Prussian War of the 1870s and several describe the futility of war and the innocent civilians who, caught in the conflict, emerge changed. He authored some 300 short stories, six novels, three travel books, and one volume of verse. His first published story "Boule de Suif" ("Ball of Fat," 1880) is often considered his masterpiece. He delighted in clever plotting, and served as a model for Somerset Maugham and O. Henry in this respect. His stories about expensive jewellery ("The Necklace," "La parure") are imitated with a twist by Maugham ("Mr Know-All," "A String of Beads") and Henry James ("Paste"). Taking his cue from Balzac, Maupassant wrote comfortably in both the high-Realist and fantastic modes; stories and novels such as "L'Heritage" and Bel-Ami aim to recreate Thirrd Republic France in a realistic way, whereas many of the short stories (notably "Le Horla" and "Qui sait?") describe apparently supernatural phenomena. The supernatural in Maupassant, however, is often implicitly a symptom of the protagonists' troubled minds; Maupassant was fascinated by the burgeoning discipline of psychiatry, and attended the public lectures of Jean-Martin Charcot between 1885 and 1886. This interest is reflected in his fiction. Maupassant is notable as the subject of one of Leo Tolstoy's essays on art: The Works of Guy de Maupassant. Friedrich Nietzsche's autobiography mentions him in the following text: "I cannot at all conceive in which century of history one could haul together such inquisitive and at the same time delicate psychologists as one can in contemporary Paris: I can name as a sample - for their number is by no means small, ... or to pick out one of the stronger race, a genuine Latin to whom I am particularly attached, Guy de Maupassant."

Gogol's biting satirical comedy, first published in 1835, is an outrageous rant against the civil service and the class system of 19th century Russia. It combines realism with the fantastic and the absurd as one man struggles to be noticed by the woman he adores. Gogol's stories are rooted in commonplace events and his characters are common people but Gogol combined that in a weird world of fantasy, broad comedy and lunacy. Copyright © Libri GmbH.
