In 'Service Advising and Management', students gain the communication, customer service, and automotive knowledge they need to balance competing demands from customers, technicians, and shop management to become successful service advisors.

A must read for anyone interested in the truth about what led to the down-fall of Detroit. This book uncovers how things were done in Detroit during the Kilpatrick administration, and what it cost: lives, careers and multi-million dollar lawsuits. Tamara Greene was gunned down on the streets of Detroit at the age of twenty-seven. It was a drive-by shooting that happened April 30th, 2003. The Detroit Police Department would like us to believe that she was not the intended victim. Multiple people claimed Tamara had confided in them that she feared for her life. Their statements refute that theory. Tamara was rumored to have danced at a party hosted by the ex-mayor of Detroit, Kwame Kilpatrick. The story of Tamara's murder is woven into a web of politics - shrouded in innuendo - and includes a cover-up of epic proportions. Investigating detectives feared for their lives. Evidence was removed, long standing careers were lost and 10 years later, it has yet to be properly investigated.

Lemon-Aid New and Used Cars and Trucks 1990-2015 steers the confused and anxious buyer through the purchase of new and used vehicles unlike any other car-and-truck book on the market. "Dr. Phil," Canada's best-known automotive expert for more than 42 years, pulls no punches.
