From the author of the sensational bestseller *I Was Told There'd Be Cake* comes a new book of personal essays brimming with all the charm and wit that have earned Sloane Crosley widespread acclaim, award nominations, and an ever-growing cadre of loyal fans. In *Cake* readers were introduced to the foibles of Crosley's life in New York City—always teetering between the glamour of Manhattan parties, the indignity of entry-level work, and the special joy of suburban nostalgia—and to a literary voice that mixed Dorothy Parker with David Sedaris and became something all its own. Crosley still lives and works in New York City, but she's no longer the newcomer for whom a trip beyond the Upper West Side is a big adventure. She can pack up her sensibility and takes us with her to Paris, to Portugal (having picked it by spinning a globe and putting down her finger, and finally falling in with a group of Portuguese clowns), and even to Alaska, where the "bear bells" on her fellow bridesmaids' ponytails seemed silly until a grizzly cub dramatically intrudes. Meanwhile, back in New York, where new apartments beckon and taxi rides go awry, her sense of the city has become more layered, her relationships with friends and family more complicated. As always, Crosley's voice is fueled by the perfect witticism, buoyant optimism, flair for drama, and easy charm in the face of minor suffering or potential drudgery. But in *How Did You Get This Number* it has also become increasingly sophisticated, quicker and sharper to the point, more complex and lasting in the emotions it explores. And yet, Crosley remains the unfailingly

hilarious young Everywoman, healthily equipped with intelligence and poise to fend off any potential mundanity in maturity.

When their children were young, several parents interviewed in this book were told “you can’t expect much from your child.” As they got older, the kids themselves often heard the same thing: that as children with disabilities, academic success would be elusive, if not impossible, for them. *How Did You Get Here?* clearly refutes these common, destructive assumptions. It chronicles the educational experiences—from early childhood through college—of sixteen students with disabilities and their paths to personal and academic success at Harvard University. The book explores common themes in their lives—including educational strategies, technologies, and undaunted intellectual ambitions—as well as the crucial roles played by parents, teachers, and other professionals. Above all, it provides a clear and candid account—in the voices of the students themselves—of what it takes to grapple effectively with the many challenges facing young people with disabilities. A compelling and practical book, *How Did You Get Here?* offers clear accounts not only of the challenges and biases facing young disabled students, but also of the opportunities they found, and created, on the way to academic and personal success.

*How Did You Get Here?* chronicles the educational experiences—from early childhood through college—of sixteen students with disabilities and their paths to personal and academic success at Harvard University.

CBS News’ Elections and Surveys Director Anthony Salvanto takes you behind the scenes of polling to show you how to think about who we are and where we’re headed as a nation. As *Elections and Surveys*

## Download File PDF How Did You Get This Number Sloane Crosley

Director for CBS News, it's Anthony Salvanto's job to understand you—what you think and how you vote. He's the person behind so many of the poll numbers you see today, making the winner calls on election nights and surveying thousands of Americans. In *Where Did You Get This Number? A Pollster's Guide to Making Sense of the World*, Salvanto takes readers on a fast-paced, eye-opening tour through the world of polling and elections and what they really show about America today, beyond the who's-up-who's-down headlines and horse races. Salvanto is just the person to bring much-needed clarity in a time when divisions seem to run so deep. The language of polling may be numbers, but the stories it tells are about people. In this engaging insider's account, Salvanto demystifies jargon with plain language and answers readers' biggest questions about polling and pollsters. How can they talk to 1,000 people and know the country? How do they know the winner so fast? How do they decide what questions to ask? Why didn't they call you? Salvanto offers data-driven perspective on how Americans see the biggest issues of our time, from the surprising 2016 election, to the shocks of the financial crisis, the response to terrorism and the backlash against big money. He doesn't shy away from pointing out what's worked and what hasn't. Salvanto takes readers inside the CBS newsroom on Election Night 2016 and makes readers rethink conventional wisdom and punditry just in time for the 2018 midterms. He shows who really decides elections and why you should think about a poll differently from the forecasts popularized by Nate Silver and others. *Where Did You Get This Number?* is an essential resource for anyone interested in politics—and how to better measure and understand patterns of human behavior. For any American who wants to get a better read on what America is thinking, this book shows you how to make sense of it all.

This book was written to help guide our youth today in the right direction. A lot of our youth think that

## Download File PDF How Did You Get This Number Sloane Crosley

the only success is being an athlete or a star, but being successful comes in many different shapes, forms, and fashions. This book/documentary shows the many ways people are successful, how they got there, and how they stay there. I hope this will influence our youth in a positive and more informed direction. If success was easy, everyone would have it.

Pastor Donald Archey, founder of the Archey AIDS Foundation has, for the past decade has spear-headed attempts to make the public aware of the on-going danger and destruction that HIV/AIDS causes. He currently travels the country speaking on such dangers and educates on a life adorning to God and all that he has in store. Pastor Archey's mission remains consistent: To serve the Lord and spread the good news of the gospel of Jesus Christ. Pastor Donald Archey's book *Pastor, How Did You Get AIDS?* is an informative and heartfelt book that educates all readers on the dangers and pitfalls that one can have with this heinous disease. Pastor Archey's strength and courage are shown in this heart warming book of a man who never gave up, and who will always be a beacon of light for people with HIV/AIDS. He has triumphed over the world's obstacles and continues to be a fighter against AIDS. Pastor Archey is the founder of the Archey AIDS Foundation that funds and educates the public about the inherent dangers of HIV/AIDS. The measure of courage in Pastor Archey was stretched to the limit, but never broke. His guiding principles in the book is one large stepping stone for mankind, and his example will guide people for many years to come.

At the beep. . . "Tracy, are you there? It's me. . ." . . .Kate. Okay, first off--I'm coming to your party. But if I have to hang out with more lawyers tonight, I won't be responsible for what I say after the fourth drink. And no matter who you're trying to set me up with--and yes, you are--unless he gives me The

# Download File PDF How Did You Get This Number Sloane Crosley

First published to enormous acclaim in 1973, this book became a classic that revolutionized the way children are taught to read and write poetry. The celebrated poet Kenneth Koch conveys the imaginative splendor of great poetry--by Blake, Donne, Stevens, Lorca, and others--and then shows how it maybe taught so as to help children write poetry of their own. For this edition, the author has written a new introduction and a special afterword for teachers.
