Independence Significance 4 Shelly Crane

Maggie and Caleb must tie up all the loose ends of their lives and make a way to be together completely on their own. With everything that happened with Bish and Maggie's father, she's almost reluctant to move on and move out. And now she must figure out all of this...stuff...with Haddock. But of course, nothing can stay simple for the Jacobsons. Enemies who were thought to be dissolved have decided to not go down so easily. And old flames come calling for more than just Maggie. Caleb is torn between leading his family and personal wants. Maggie is torn between Caleb and being the leader of their people. But neither will let what they need most to be pushed to the wayside. They are determined to make it all work, design a plan toward destiny, and make everything right again for themselves and their family. And then there's a wedding...

A story by NEW YORK TIMES and USA TODAY bestselling author, Shelly Crane. Maggie is a seventeen year old girl who's had a bad year. Her mom left, her dad is depressed, she's graduating, barely, and her boyfriend of almost three years dumped her for a college football scholarship. Lately she thinks life is all about hanging on by a thread and is gripping tight with everything she has. Then she meets Caleb. She saves his life and instantly knows there's something about him that's intriguing but she is supposed to be on her way to a date with his cousin. But things change when they touch, sparks ignite. Literally. They imprint with each other and she sees their future life together flash before her eyes. She learns that not only is she his soul mate, and can feel his heartbeat in her chest, but there is a whole other world of people with gifts and abilities that she never knew existed. She herself is experiencing supernatural changes unlike anything she's ever felt before and she needs the touch of his skin to survive. Now, not only has her dad come out of his depression to be a father again, and a pain as well, but Caleb's enemies know he's imprinted and are after Maggie to stop them both from gaining their abilities and take her from him. Can Caleb save her or will they be forced to live without each other after just finding one another? Read the epic love story before the TV show!

Maggie and Caleb are married, leaders of their people, parents to their children, and happier than they ever dreamed, even with the visions they saw of it to prove it so. The council is still rebelling against Maggie's changes, but this time it's different. It's almost as if something...or someone is behind them, pulling the strings and making decisions for them. And Maggie is having strange visions that only she can see, leaving Caleb helpless to help her. But when her visions start to warn her that their daughter, Ava, will one day be in danger, they'll do anything it takes to find out what's going on and how to stop it, even paying a visit to a previous Visionary. Maggie and Caleb must find out who or what is behind it all and stop them before Maggie is one vision too late.

In the sequel to Significance, Maggie learns much more about all the strange things that have happened to her and has to face many new ones. She learns something about herself, that she is something that the clans have been waiting for. She rebels against it but, ultimately must face it for her new family's sake and maybe even her life. Bish went from being her biggest supporter to her biggest pain in the butt and Kyle's intentions to attract her interest may not be so innocent. Caleb and Maggie face many new obstacles together as a couple and on their own. They fight to work through them but will one that should be a good thing be too much for Maggie to handle? Will she become who she has to be to save the ones she loves or will she crumble under the pressure as this epic love story continues.

NEW YORK TIMES & USA TODAY Bestselling book! A YA LOVE story about a girl who has her life turned upside down. A girl. A coma. A life she can't remember. When Emma Walker wakes up in the hospital with no knowledge of how she got there, she learns that she's been in a coma for six months. Strangers show up and claim to be her parents, but she can't remember them. She can't remember anyone. Not her friends, not even her boyfriend. Even though she can't remember, everyone wants her to just pick up where she left off, but what she learns about the 'old her' makes her start to wish she'd never woken up. Her boyfriend breaks up with the new girl he's dating to be with her, her parents want her to start planning for college, her friends want their leader back, and her physical therapist with the hazel eyes keeps his distance to save his position at the hospital. Will she ever feel like she recognizes the girl in the mirror?

In the third installment of the Significance series, we begin with Maggie and Caleb in the clutches of a new enemy; the Virtuoso council. Not only do they have to deal with the consequences of taking the lives of the Watsons and the council attempting to take Maggie away to keep their precious Visionary safe, but they must deal with Marla as well. All are determined to undermine, control and use Caleb and Maggie's rare gifts for their own uses, some wish to destroy them entirely. Then Maggie's father and Bish are threatened but the council forbids the presence of humans. Peter and the family fight and stand beside them every step of the way to save Maggie's father, to keep Caleb and Maggie together when the corrupted council is so set on keeping them apart and to stop Marla and whatever she has up her sleeve. Then Maggie has the shock of her life when she discovers something about her real father. It may change everything for everyone. Stay tuned as the story continues.

Clara has it all. A wrestling star boyfriend, popular friends, all the right school activities...pretty much a perfect life...up until her parents died. Now she lives with the Pastor and his family and though they take good care of her, she feels alone. Then her boyfriend, Tate, starts to show signs of trouble when a new guy, Eli, comes to town. Clara is fascinated with him but hides it until something happens. Eli confesses to her that she gives him something he's never had before...something he needs. Everything is about to change for this normal, pretty, popular girl in a supernatural way.

Sherry has always known there was something out there. She's eighteen, works for a tabloid newspaper in Chicago and has a brother, Danny who is a lazy mooch. They live a pretty normal dull life with hippie parents and a normal existence. Then the moon disappears and people start to go missing only to reappear later, but different. She has an abusive ex-boyfriend who shows up and claims to be one of these beings that has been showing up around the world. He's no longer the same person in that body. He tells her he has come to protect her and her brother and takes her underground, against her will to save her, where they meet others like them. She begins to unravel the truth about Merrick, about what he's really doing there, about the way he looks at her, about the crazy dangerous world they live in. Can he convince her that he's there to help? Will she like what she finds when she opens up to the truth? Will he be the one to love her when everyone else has failed? Will he be able to protect her?

Ava has watched her parents, Caleb and Maggie, live the perfect fairy tale, the perfect love story, played out in front of her eyes her entire life. Her family is love, life, and happiness. The Jacobsons are everything a family should be and Ava is loved and well taken care of. But the one thing that's missing from her life is the one thing she's waited for every day, the one thing her kind knows will make them complete, the one thing they thought was gone and lost forever. Her significant. Seth has lived with the Watsons his entire life. They're the only family he knows, but he knows that there are things they keep from him. He knows that they lie and they do unspeakable evil, things from when he was a child that he can barely remember that cling to the edges of his memory. He barely remembers his real mother and all he knows is what he's told. He doesn't know what to trust. He wants to believe that the Watsons love and care for him, have his best interest at heart, but isn't so sure of that anymore when he finally-after a lifetime of waiting for her-meets his soulmate, and the Watson's first act is to try to take her away from him. The Virtuoso worlds collide, hearts are exposed, humans are endangered, and the lives of Seth and Ava are changed forever. They'll have to love without judgment or reservation, they'll have to be wise and accepting beyond their years, they'll have to forgive for things before they've even happened, they'll have to trust without seeing, have faith without knowing, and they'll have to light their own way in the dark when everyone else is blind to show them the way. And more than anything else... they'll fight like hell to keep each other.

My name is Maxton and I'm a trader. I live on a soulless planet where gravity, oxygen, and everything else are sold to the highest bidder on the black market. People are sold on the black market, too. You have to work really hard not to become one of those people. Pay your taxes, keep your friends and family close, and more than anything else-don't get caught by the Militia. But all the rules changed for me the day I found her. My name is Sophelia and I'm a stowaway. I've been a slave for almost as long as I can remember. Waiting for the one day, one second, for my proprietor to turn his head so I could run and never look back. Now I'm on the run. And on a planet where no one is on your side and people would turn you in for a good meal or a piece of a silver, being on the run on Landu is the last place you want to be. Until he found me. I won't survive without him. I can't breathe without her.
