If you work in a university, you are almost certain to have heard the term 'open access' in the past couple of years. You may also have heard either that it is the utopian answer to all the problems of research dissemination or perhaps that it marks the beginning of an apocalyptic new era of 'pay-to-say' publishing. In this book, Martin Paul Eve sets out the histories, contexts and controversies for open access, specifically in the humanities. Broaching practical elements alongside economic histories, open licensing, monographs and funder policies, this book is a must-read for both those new to ideas about open-access scholarly communications and those with an already keen interest in the latest developments for the humanities. This title is also available as Open Access via Cambridge Books Online.

Language Policy in Business: Discourse, ideology and practice provides a critical sociolinguistic and discursive understanding of language policy in a minority language context. Focusing on Welsh-English bilingualism in private sector businesses in Wales, the book unpacks the circulating discourses, ideologies and practices of promoting bilingualism as a sociocultural and economic resource in the globalised knowledge economy. It sheds light on businesses as ideological sites for struggles over language revitalisation, which has been characterised by tensions and discursive shifts from essentialist ideologies about language, identity, nation and territory, to an increased commodification of bilingualism. The book is premised on the understanding that language is a focal point for articulating and living out historical power relationships and inequalities, and that language policy processes are never apolitical. It adds to a body of literature about bilingualism in minority language contexts and, more broadly, about how the fields of politics, business and society are inextricably related.

New York Times bestseller Lisa Kleypas returns with an enthralling and steaming romance between a Scot with a mysterious past and strong-willed lady looking for adventure and love. "The devil never tries to make people do the wrong thing by scaring them. He does it by tempting them." Lady Merritt Sterling, a strong-willed young widow who's running her late husband's shipping company, knows London society is dying to catch her in a scandal. So far, she's been too smart to provide them with one. But then she meets Keir MacRae, a rough-and-rugged Scottish whisky distiller, and all her sensible plans vanish like smoke. They couldn't be more different, but their attraction is powerful, raw and irresistible. From the moment Keir MacRae arrives in London, he has two goals: One: don't fall in love with the dazzling Lady Merritt Sterling. Two: avoid being killed. So far, neither of those is going well. Keir doesn't know why someone wants him dead until fate reveals the secret of his mysterious past. His world is thrown into upheaval, and the only one he trusts is Merritt. Their passion blazes with an intensity Merritt has never known before, making her long for the one thing she can't have from Keir MacRae: forever. As danger draws closer, she'll do whatever it takes to save the man she loves . . . even knowing he might be the devil in disguise.
