Find A Manual - Sears

Keep your home clean with the Kenmore 400 Series bagged canister vacuum. A handy HEPA filtration unit removes nearly all dust and allergens, so you and your family can experience cleaner air. A multi-surface design handles carpet, hardwood and linoleum with the same powerful capability.

Includes Part 1, Number 2: Books and Pamphlets, Including Serials and Contributions to Periodicals (July - December)

House cleaning has been an innate human activity forever but only since the early 19th century have mechanical devices replaced the physical labor (performed mostly by women). Mechanical carpet sweepers were replaced by manual suction cleaners, which in turn were replaced by electric vacuum cleaners in the early 20th century. Innovative inventors, who improved vacuum cleaners as electricity became commonly available, made these advances possible. Many early manufacturers failed, but some, such as Bissell, Hoover, Eureka and others, became household names as they competed for global dominance with improved features, performance and appearance. This book describes the fascinating people who made this possible, as well as the economic, cultural and technological contexts of their times. From obscure beginnings 200 years ago, vacuum cleaners have become an integral part of modern household culture.

Hundreds of clear illustrations and detailed descriptions of now-antique dolls, teddy bears, dollhouses, furniture, more.
