The 'Longman Science 11-14' series aims to put science into context both historically and in the modern world as well as reinforcing and consolidating learning through questions, summaries and investigation ideas.

The 'Longman Science 11-14' series aims to put science into context both historically and in the modern world as well as reinforcing and consolidating learning through questions, summaries and investigation ideas.

One of a series of books designed for middle to higher ability students following the revised GCSE Double and Triple Award specifications. Exam-style questions and practice questions aim to facilitate progression from GCSE to AS/S level.

This Answer Book accompanies the Longman Science 11-14 series

The Longman Science 11-14 series consists of three pupil's books - one each for chemistry, physics and biology. They contain all the material needed to teach pupils between the ages of 11 and 14. The series covers the Key Stage 3 National Curriculum for Science in England and Wales, the 13+ Common Entrance Syllabuses and Scottish Environmental Studies Guidelines 5-14 up to Level F.

Longman Science prepares students in grades 6-12 for success in a standards-based science program with a broad overview of life, earth, and physical science. All activities are specifically geared to students in the early stages of English language acquisition, and help build content knowledge, skills, and learning strategies. Special offer: Take advantage of our special offer: get the Longman Science Student Book and Workbook for only \$44.95. That's 25% off the regular price of these two books combined. Click here for details. Features For beginning to high beginning English language learners. "Getting Started" unit introduces concepts of science, safety, and the scientific method. Reading strategies are explicitly taught and modeled throughout the readings. Science skills, such as using and interpreting visuals, charts, and graphs are taught and recycled throughout each lesson. Unit Review provides additional practice, extension projects, further reading, and a Unit Experiment. Vocabulary building activities and glossaries help students access and build mastery of the content.

The Longman Science 11-14 series aims to put science into context both historically and in the modern world as well as reinforcing and consolidating learning through questions, summaries and investigation ideas.

Fully revised and updated content matching new Cambridge International Examinations 9701 syllabus for first examination in 2016. Endorsed by Cambridge International Examinations, this digital edition comprehensively covers all the knowledge and skills students need during the A Level Chemistry course (9701), for first examination in 2016, in a reflowable format, adapting to any screen size or device. Written by renowned experts in Chemistry teaching, the text is written in an accessible style with international learners in mind. Self-assessment questions allow learners to track their progress, and exam-style questions help learners to prepare thoroughly for their examinations. Answers to all the questions from within the Coursebook are provided.
