Anything over 150USD is silly money for pretty much any turntable
Marantz made in the 1970s. I have had a 6100, 6025 and 6170.
They were pretty average, equivalent in performance terms to low
to mid level Technics decks from the same period, certainly nothing
near approaching the SL1100, 120 / 1200, 150 or 1500, never mind
the proper hi-end Technics like the SP-10.
