Narrative Therapy: The Social Construction of Preferred Realities by Jill Freedman and Gene Combs. This book is best saved for those who want to dive headfirst into the philosophical underpinnings of narrative therapy. Casual readers interested in learning more about narrative therapy may want to try one of the first two books; students, teachers, and practitioners will find this book challenging, informative, and invaluable to their studies.

19 Narrative Therapy Techniques, Interventions ...

Narrative therapy is a post-structuralist therapy. Rather than seeking to classify individuals in terms of general classes or types, we seek specific details of each person, family, or community's identity. Rather than valuing the knowledge of "experts," we value local knowledge.
