Nutrition Care Process Terminology (NCPT)

This was called International Dietetic and Nutrition Terminology (IDNT) now known as the Nutrition Care Process Terminology (NCPT). The NCPT is used alongside the Nutrition and Dietetic Care Process. This international dietetic working group has been working closely to incorporate NCPT as an integral element of SNOMED.

Nutrition care process terminology (NCPT) - Dietetic and ...

The use of the Nutrition Care Process (NCP) model and the Nutrition Care Process Terminology (NCPT) (formerly International Dietetics and Nutrition Terminology (IDNT)) are internationally recognized as being important ways to promote and advance the dietetic profession. The NCP model provides a standardized approach to nutrition care, communicates consistent terminology through NCPT, and contributes to the improved reporting and monitoring of outcomes.

Nutrition Care Process and Terminology (NCPT) Background

Background: The Nutrition Care Process (NCP) and NCP Terminology (NCPT) is a systematic framework for critical thinking, decision making, and communication for dietetics practitioners worldwide, aiming to improve quality and patient safety in nutrition care. Although dietetics practitioners in several countries have implemented the NCP/NCPT during recent years, to date there is no globally validated instrument for the evaluation of NCP/NCPT implementation that is available in different ...
