In 1950's Appalachian South Carolina, sheriff William Alexander must solve the disappearance of Holland Winchester amid a backdrop of infidelity, jealousy, betrayal, and a valley filling with water behind a new dam.

The year is 1951 and Holland Winchester, the local thug and a war veteran, has gone missing from his small, backwater South Carolina town. The local sheriff, Will Alexander, has a gut feeling Holland's been murdered but the sheriff can find neither the body nor the killer. He has his suspects but no evidence. And his suspects have their stories, their motives and their truths. But secrets can only stay buried so long. Told from the perspective of the sheriff, a local farmer, his wife, their son and the sheriff's deputy, *One Foot in Eden* explores the crime, shifting suspicion, blame and guilt with each new voice. This brilliant southern gothic novel observes the consequences of love and murder across generations.

This brilliant southern gothic novel, by the award-winning and bestselling author Ron Rash, observes the consequences of love and murder across generations. Told from the perspective of the sheriff, a local farmer, his wife, their son and the sheriff's deputy, it explores the crime, shifting suspicion, blame and guilt with each new voice.

A major new Southern voice emerges in this novel about a town divided by the aftermath of a tragic accident--and the woman caught in the middle When a twelve-year-old girl drowns in the Tamassee River and her body is trapped in a deep eddy, the people of the small South Carolina town that bears the river's name are thrown into the national spotlight. The girl's parents want to attempt a rescue of the body; environmentalists are convinced the rescue operation will cause permanent damage to the river and set a dangerous precedent. Torn between the two sides is Maggie

Glenn, a twenty-eight-year-old newspaper photographer who grew up in the town and has been sent to document the incident. Since leaving home almost ten years ago, Maggie has done her best to avoid her father, but now, as the town's conflict opens old wounds, she finds herself revisiting the past she's fought so hard to leave behind. Meanwhile, the reporter who's accompanied her to cover the story turns out to have a painful past of his own, and one that might stand in the way of their romance. Drawing on the same lyrical prose and strong sense of place that distinguished his award-winning first novel, *One Foot in Eden*, Ron Rash has written a book about the deepest human themes: the love of the land, the hold of the dead on the living, and the need to dive beneath the surface to arrive at a deeper truth. *Saints at the River* confirms the arrival of one of today's most gifted storytellers.

Travis Shelton is seventeen the summer he wanders into the woods onto private property outside his North Carolina hometown, discovers a grove of marijuana large enough to make him some serious money, and steps into the jaws of a bear trap. After hours of passing in and out of consciousness, Travis is discovered by Carlton Toomey, the wise and vicious farmer who set the trap to protect his plants, and Travis's confrontation with the subtle evils within his rural world has begun. Before long, Travis has moved out of his parents' home to live with Leonard Shuler, a one-time schoolteacher who lost his job and custody of his daughter years ago, when he was framed by a vindictive student. Now Leonard lives with his dogs and his sometime girlfriend in a run-down trailer outside town, deals a few drugs, and studies journals from the Civil War. Travis becomes his student, of sorts, and the fate of these two outsiders becomes increasingly entwined as the community's terrible past and corrupt present bear down on each of them from every direction, leading to a violent reckoning—not only with Toomey, but with the legacy of the Civil War massacre that, even after a century, continues to divide an Appalachian community. Vivid, harrowing yet ultimately hopeful, *The World Made Straight* is Ron Rash's subtlest exploration yet of the painful conflict between the bonds of home and the desire for independence.

Spanning the entire twentieth century, a collection of short stories, set against the backdrop of Appalachia, chronicles the struggle of rural communities with the changes of the modern world, capturing the collision between the Old and New South in the lives of the region's inhabitants. Original. 20,000 first printing.

The year is 1929, and newlyweds George and Serena Pemberton travel from Boston to the North Carolina mountains where they plan to create a timber empire. Although George has already lived in the camp long enough to father an illegitimate child, Serena is new to the mountains—but she soon shows herself to be the equal of any man, overseeing crews, hunting rattle-snakes, even saving her husband's life in the wilderness. Together this lord and lady of the woodlands ruthlessly kill or vanquish all who fall out of favor. Yet when Serena learns that she will never bear a child, she sets out to murder the son George fathered without her. Mother and child begin a struggle for their lives, and when Serena suspects George is protecting his illegitimate family, the Pembertons' intense, passionate marriage starts to unravel as the story moves toward its shocking reckoning. Rash's masterful balance of violence

and beauty yields a riveting novel that, at its core, tells of love both honored and betrayed.

A FARMER and his wife fall on hard times. They haven't lost everything the way others have, but they have lost enough. Their hope for a better future comes under threat when they discover an intruder on their land. A WOMAN from a small town marries an outsider. Her love for him battles with her suspicions that he is the source of the fires ravaging the mountains. A YOUNG BOY, neglected by his parents, sits in the remains of a crashed plane and lovingly tends to two frozen bodies.

Since his dramatic appearance on the southern literary stage with his debut novel, *One Foot in Eden*, Ron Rash has continued a prolific outpouring of award-winning poetry and fiction. His status as a regular on the *New York Times* Best Sellers list, coupled with his impressive critical acclaim—including two O. Henry Awards and the Frank O'Connor Award for Best International Short Fiction—attests to both his wide readership and his brilliance as a literary craftsman. In *Summoning the Dead*, editors Randall Wilhelm and Zackary Vernon have assembled the first book-length collection of scholarship on Ron Rash. The volume features the work of respected scholars in southern and Appalachian studies, providing a disparate but related constellation of interdisciplinary approaches to Rash's fiction, nonfiction, and poetry. The editors contend that Rash's work is increasingly relevant and important on regional, national, and global levels in part because of its popular and scholarly appeal and also its invaluable social critiques and celebrations, thus warranting academic attention. Wilhelm and Vernon argue that studying Rash is important because he encourages readers and critics alike to understand Appalachia in all its complexity and he consistently provides portrayals of the region that reveal both the beauty of its cultures and landscapes as well as the social and environmental pathologies that it continues to face. The landscapes, peoples, and cultures that emerge in Rash's work represent and respond to not only Appalachia or the South, but also to national and global cultures. Firmly rooted in the mountain South, Rash's artistic vision weaves the truths of the human condition and the perils of the human heart in a poetic language that speaks deeply to us all. Through these essays, offering a range of critical and theoretical approaches that examine important aspects of Rash's work, Wilhelm and Vernon create a foundation for the future of Rash studies. Robert Morgan, Kappa Alpha Professor of English at Cornell University and author of fourteen books of poetry and nine volumes of fiction including the *New York Times* bestselling novel *Gap Creek*, provides a foreword.

"Mesmerizing...He's one of the best living American writers."--Janet Maslin, *New York Times* Book Review
From bestselling and award-winning writer Ron Rash ("*One of the great American authors at work today.*"--*The New York Times*) comes a collection of ten searing stories and the return of the villainess who propelled *Serena* to national acclaim, in a long-awaited novella. Ron Rash has long been a revered presence in the landscape of American letters. A virtuosic novelist, poet, and story writer, he evokes the beauty and brutality of the land, the relentless tension between past and present, and the unquenchable human desire to be a little bit better than circumstances would seem to allow (to paraphrase Faulkner). In these ten stories, Rash spins a haunting allegory of the times we live in--rampant capitalism, the

severing of ties to the natural world in the relentless hunt for profit, the destruction of body and soul with pills meant to mute our pain--and yet within this world he illuminates acts of extraordinary decency and heroism. Two of the stories have already been singled out for accolades: "Baptism" was chosen by Roxane Gay for inclusion in *The Best American Short Stories 2018*, and "Neighbors" was selected by Jonathan Lethem for *The Best American Mystery Stories 2019*. And in revisiting Serena Pemberton, Rash updates his bestselling parable of greed run amok as his deliciously vindictive heroine returns to the North Carolina wilderness she left scarred and desecrated to make one final effort to kill the child that threatens all she has accomplished. "A gorgeous, brutal writer" (Richard Price) working at the height of his powers, Ron Rash has created another mesmerizing look at the imperfect world around us.
