Many people are confused about where to start a business. A strong desire to start a business is accompanied by confusion about where to start. If you experience something like this, you should sit down for a moment. Clear your mind, Calm down, take a deep breath, and exhale. No need to go far ahead and start everything off perfectly. Understand we're just getting started. Understand all the required processes. Can dream as high as you want. However, don't forget to come back to reality. Understand the reality of the moment. Understand what you want to achieve. Understand your biggest dreams that you really want to fulfill. But don't forget today. Don't forget the moment and don't forget what you already have now. This Book helps everyone to start a business and how to manage finance for business.

Combining a quantitative approach with a managerial issues approach, this introduction to productions and operations management provides coverage of every P/OM topic - from re-engineering to teams, to total quality management ideas, to layout, to finite scheduling to technology. It focuses on eleven critical decisions - both strategic and tactical - that managers must make for meeting customer needs and increasing productivity in a dynamic, global economy.
