~~Queen of Angels (novel) - Wikipedia~~

Queen of Angels has been described as Greg Bear's most ambitious work, and ambitious it certainly is. But ambition does not necessarily equal success. The book takes a murder-mystery type story - a famous and successful poet of the 21st century unexpectedly murders eight of his closest friends - and turns it into a musing on the nature of awareness and identity.

Hugo Award Finalist: A near-future novel of artificial intelligence, human nature, and mass murder that “succeeds on virtually every level” (The New York Times Book Review). In Los Angeles in 2047, advances in the science of psychology have made crime a rare occurrence. So it’s utterly shocking when eight bodies are detected in an apartment, and not long afterward the perpetrator is revealed as well: noted poet Emmanuel Goldsmith. The LAPD’s Mary Choy—who has had both her appearance and her police

work enhanced by nanotechnology—is tasked with arresting the killer, while psychotherapy pioneer Martin Burke prepares to explore his mind. Meanwhile, Goldsmith ' s good friend and fellow writer reels at the news—while, far from all of them, a space probe makes a startling discovery. This “ excellent ” novel about technology, identity, and the nature of consciousness is a thought-provoking stunner by the Nebula Award – winning author of the Eon series and the Forerunner Saga (Chicago Tribune).

demons of your past disturb the delicate reconciliation you thought you had found? These are the questions facing John Kadel in "If only I could...", a simple story about love. This is not a romance. It is a tale of the true and lasting love each of us dreams about, the undeniable love only some of us find in a lifetime of searching. John Kadel is a stubborn, single old man with a colorful past and questions for which he has no answers. Not long after his doctor hands him a death sentence, John runs into someone from his past.

Meanwhile, her love life is in a very precarious situation, with her beloved Charles Franklin's seeking to merge his mind with the most advanced artificial mind. MOVING MARS is a science-fiction look at love and war, family and conviction, heart and mind.

The “ reigning master of hard-edge science fiction takes a chilling look at the plausible near-future ” in this cyberpunk sequel to Queen of Angels (Seattle Post-Intelligencer). In the second half of the twenty-first century, nanotechnology has transformed every aspect

of society. Humans can now change their abilities, their appearance, their very bodies on microscopic level. Advanced psychotherapy seems to have wiped away violence and illness. The world is sane and in balance. However, that balance teeters with the grisly murder of two prostitutes and a series of suicides. Soon, public defender Mary Cho ' s investigation finds a dark danger lurking in the recesses of the “ dataflow. ” Entertainment, virtual pornography, neo-Luddite separatists, an unknown artificial intelligence—everything seems to be intertwined in a vast conspiracy. As technology fails so too does the society perched high atop it. Perfection is a high pedestal from which to fall.

From the bestselling author of Meetings with Mary and Queen of the Cosmos comes a collection of Mary's most profound and comforting messages—her answers to universal questions. Mother Mary has visited believers throughout the centuries, bringing profound messages of love and comfort. Beloved by people of all faiths, she invites us into the Heart of God, where we receive the gifts of peace and wisdom. Now we can all benefit from Mary's words. Drawing from sacred scripture, tradition, and the recognized apparitions of Mary, bestselling author Janice T. Connell has organized the Blessed Mother's messages by topic to address concerns we face every day. Whether we are lonely, overwhelmed,
