The Fear Trilogy - Three Thriller Novels (Run, Snowbound, Abandon) eBook: Crouch, Blake: Amazon.com.au: Kindle Store

A science-fiction thriller in which an ordinary man is kidnapped, knocked unconscious, and awakens in a world inexplicably different from the reality he thought he knew.

New York City cop Barry Sutton investigates the devastating phenomenon the media has dubbed False Memory Syndrome-- a mysterious affliction that drives its victims mad with memories of a life they never lived. Neuroscientist Helena Smith dedicated her life to creating a technology that will let us preserve our most precious moments of our pasts. If she succeeds, anyone will be able to re-experience a first kiss, the birth of a child, the final moment with a dying parent. Together they face a force that attacks not just our minds but the very fabric of the past. Memory makes reality-- and the force is beginning to unmake the world as we know it. -- adapted from jacket.

"It was just a dream." We all say that to our children when they have a nightmare and wake up crying, don't we? "Sh, baby, it was just a dream." But what if there is no such thing as just a dream? What if dreams are portals to other worlds where evil lurks? When Andrew and Julia

have their baby, they quickly realize their daughter is very different from other children. The girl's grandmother tries to warn them. Their daughter, Anna, has a gift. She travels the worlds at night as one of the shadowpeople. But she is also in grave danger. When Andrew and Julia finally realize her old grandmother is right, it is too late. The man with the umbrella has already set his eyes on Anna. *Blackbird Fly* is a masterful, intensely suspenseful novel from the Queen of *Scream*. JEDEN TAG NEU DURCHSTARTEN In dieser exklusiven Sammlung seiner Schriften findet man in Jeff Bezos eigenen Worten – den jährlichen Aktionärsbriefen, den zahlreichen Reden und Interviews – die Grundprinzipien und Philosophie, die ihn bei der Schaffung, dem Aufbau und der Führung von Amazon und seiner Weltraumfirma Blue Origin geleitet haben. Er erzählt von seiner Kampagne für die Homosexuellenehe, erläutert seinen Standpunkt zum Thema Klimawandel und spricht sich für ein gesundes Misstrauen gegenüber Institutionen aus. Sein Fazit: Entscheidend ist, den Blick stets nach vorne zu richten und sich jeden Tag neu zu erfinden! Mit einer Einleitung des Bestsellerautors Walter Isaacson.

A chilling none stop horror adventure. 'People are disappearing in the small town of Dunsmere. For Jay and his friends to have any chance of survival they will have to rely on a mysterious small child they find in the forest. With a deadly secret to protect and time running out, will the bond between friends be strong enough to save their small town?' Extract: 'Jay forced himself to stare at her broken body, tears running streaks down dirtied cheeks. He could feel her power disappear, her mind no longer entwined with his. Doubling over, wanting to retch, he could feel his heart break as triumphant, guttural cries echoed from the forest's edge. Trying to back up, his stomach protesting, Jay barely managed to turn away from those sightless, accusing eyes, praying for forgiveness he did not deserve.'
