Getting a Government Job: The Civil Service Handbook offers everything you need for getting a job with the U.S. government. This book describes in detail the advantages and disadvantages of working for the government, salary, benefits, training, advancement, job qualifications, and opportunities for veterans and students. You will explore the five fields in the federal government that are projected to see the greatest job growth and learn about job announcements and possible testing requirements. Furthermore, you will receive in-depth guidance on how to conduct a successful job search and how to match your personal skills with job requirements. The book will teach you how to put together an outstanding application package and how to follow up with a successful interview. This reference includes a broad variety of sample forms, cover letters, and resumes, as well as an extensive list of Web sites that can aid you in finding the right government job for you.

Offers strategies for writing resumes and cover letters, and provides sample resumes for a variety of careers.

Career Planning in Criminal Justice

Originally published in hardcover in the United States by Crown Business, New York, in 2017--Title page verso.

Petroski reveals the science and engineering--not to mention the politics, egotism, and sheer magic--behind America's great bridges, particularly those constructed during the great bridge-building era starting in the 1870s and continuing through the 1930s. It is the story of the men and women who built the St. Louis, the George Washington, and the Golden Gate bridges, drawing not only on their mastery of numbers but on their gifts for persuasion and self-promotion. It is an account of triumphs and ignominious disasters (including the Tacoma Narrows Bridge, which literally twisted itself apart in a high wind). And throughout this grandly engaging book, Petroski lets us see how bridges became the "symbols and souls" of our civilization, as well as testaments to their builders' vision, ingenuity, and perseverance. "Seamlessly linked...With astonishing scope and generosity of view, Mr. Petroski places the tradition of American bridge-building in perspective."--New York Times Book Review

Resumes for Engineering Careers helps you create a tailor-made resume that will help you land your perfect job. It takes you step-by-step through the process, helping to assess your talents and organize them into a standout resume, whether you just graduated from college, are changing careers, or are re-entering the job market after years at one company.

In this guide Author Edward Dumas publishes a decade of business litigation experience, paralegal research, and a collection of the most important legal forms to operating a legitimate corporation. This guide is the most comprehensive book on how to start, manage, and structure a business or corporation, with a California emphasis, using a variety of legal forms, letters, and sample formats. This guide is the perfect manual containing forms for creditors, clients, shareholders, directors, and assistants. Over 300 pages of business forms, laws, and regulations needed to navigate, startup, and profit in the corporate business legal environment today. A perfect guide to how to use the popular "IRAC" method, review of the American Federal system, doctrines, and current practices. This publication does not substitute for the advice of an attorney nor solicit for legal advice.

Motivate Yourself to Impress Have you ever felt lost about what to say on a job interview? Have you thought you knew what to say but had a nervous breakdown during the interview process?
