The Holocaust was a genocide on a scale never before seen, with as many as twelve million people killed in Nazi death camps—six million of them Jews. Gail Herman traces the rise of Hitler and the Nazis, whose rabid anti-Semitism led first to humiliating anti-Jewish laws, then to ghettos all over Eastern Europe, and ultimately to the Final Solution. She presents just enough information for an elementary-school audience in a readable, well-researched book that covers one of the most horrible times in history. This entry in the New York Times best-selling series contains eighty carefully chosen illustrations and sixteen pages of black and white photographs suitable for young readers.

David Cesarani's Final Solution is an intelligent and thought-provoking short history of the Holocaust. Not only does David Cesarani draw together and engage with the latest scholarly research, making extensive use of previously untapped resources such as diaries and letters from within the ghettos and camps (many of them in Polish or Yiddish and therefore previously largely inaccessible to Anglo-American scholars) but by adopting a rigorously Judeocentric approach the whole narrative of the march to genocide and its aftermath the book presents a subtly different timeline which casts afresh the horror of the period and engenders a significant re-evaluation of the how and why. Eschewing some of the more fevered theses about the guilt of the perpetrators (and indeed recasting how wide that net should be spread), David Cesarani's measured and skilful negotiation of a crowded field is, as a result, all the more devastating.
