Through Russian Snows G. A. HENTY (1832 - 1902) There are few campaigns that, either in point of the immense scale upon which it was undertaken, the completeness of its failure, or the enormous loss of life entailed, appeal to the imagination in so great a degree as that of Napoleon against Russia.

An illustrated historical adventure novel by G.A. Henty.?Through Russian Snows: A Story of Napoleon's Retreat From Moscow was first published in 1895.

There are few campaigns that, either in point of the immense scale upon which it was undertaken, the completeness of its failure, or the enormous loss of life entailed, appeal to the imagination in so great a degree as that of Napoleon against Russia. Fortunately, we have in the narratives of Sir Robert Wilson, British commissioner with the Russian army, and of Count Segur, who was upon Napoleon's staff, minute descriptions of the events as seen by eye-witnesses, and besides these the campaign has been treated fully by various military writers. I have as usual avoided going into details of horrors and of acts of cruelty and ferocity on both sides, surpassing anything in modern warfare, and have given a mere outline of the operations, with a full account of the stern fight at Smolensk and the terrible struggle at Borodino.

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

I would warn those of my readers who may turn to any of the military works for a further history of the campaign, that the spelling of Russian places and names varies so greatly in the accounts of different writers, that sometimes it is difficult to believe that the same person or town is meant, and even in the narratives by Sir Robert Wilson, and by Lord Cathcart, our ambassador at St. Petersburg, who was in constant communication with him, scarcely a name will be found similarly spelt. I mention this, as otherwise much confusion might be caused by those who may compare my story with some of these recognized authorities, or follow the incidents of the campaign upon maps of Russia.
